CITY IMPROVEMENT TRUST BOARD
No. 2479
21 FEB 1949
BANGALORE

Sir,

We, the undersigned petitioners beg to place the following for your sympathetic consideration and early favourable orders -

We, sir, being poor and unable to purchase house sites at exhorbitant rates in the open competative market, purchased 51 small plots of land, formed in survey No 111, Siddaramanadinne, Kethamaranahalli Village, Bangalore, North Taluk, with the bonafide intention of building small cottages of our own These plots of land were purchased as long back as 1944 far before the constitution of the Trust Board itself

After the establishment of the Trust Board, the above plots of ours were notified for acquisition for the formation of industrial suburb

At this juncture, we appealed to the Minister of the portfolio, Chairman of the Trust Board and the President of the City Municipality, requesting to exclude our plots from acquisition, if possible, or atleast to grant us residential sites to be formed in the same area in lieu of our plots, also stating that we would agree to pay any reasonable layout charges that may be levied

Bangalore

2479

Is this the same plot as 112/2 or the adjoining

Please send up any layout plan if any you might have obtained for the above purpose.

Put up with the complaint & Trust Board, Bangalore, for remarks

However, notices of acquisition were served on us by the Special Land Acquisition Officer attached to the Trust Board asking us to put forth our titles to the said plots of land Thereupon, while still pressing our claims to the plots of land owned by us long before the formation of even the Trust Board, we submitted a representation to the said Land Acquisition Officer at least to recommend our cases to the Trust Board for grant of sites to us in lieu of those acquired in case the industrial suburb was formed

While we were all the while optimistically expecting favourable orders in compliance to our repeated requests, we have now received, to our surprise, notices of award of compensation for our plots This award has thoroughly disappointed us and put us to great anxiety in view of the fact that we have been doubly disappointed in not only losing the sites that we had purchased long before, but also in not having been granted other sites in lieu of our own as per Government's assurance in their endorsement No L 4857 dated 10th October 1946 in case our plots were to be acquired for the formation of Industrial Suburb

We have now come to understand definitely that our plots of land do not come within the area of the Industrial Suburb as planned before and that the area of the Industrial Suburb has been removed to a distant place far away from our plots and that the sites in the area of our plots are to be thrown open to the public

We, therefore, appeal to you, sir, that our plots of land which we purchased long before the formation of the Trust Board with the bonafide intention of building houses of our own, may kindly be restored to us now that the area of the Industrial Suburb has been removed to a distant place and that our plots do not come under that area

We are prepared to pay the necessary lay out charges in respect of our plots

We pray therefore once again, that our plots may kindly be ordered to be restored to us to enable us to build houses of our own for the benefit of our families

We beg to remain,
